## Application Procedure

### II. Apply DormNet for the semester

1. Visit <http://140.123.242.6/>, and Click on [Apply now].
2. Log into DormNet system with your identification.
3. Choose the desired semester at the left-hand side, then click [Go to Apply] at the right-hand side.
4. Fill in your bed no. and MAC address.

According to personal needs to choose the network type, and fill in the corresponding information.

- a. If you only want to use the DormNet Wi-Fi, or haven't found the mac address yet, please fill in the room and bed number.
  - If you have the need of using the wired network in the future, please login to the DormNet webpage, click "Profile" and add the mac address of the device to be connected.
  - Wi-Fi availability in Graduate Dormitory is limited. Check signal strength before applying.
- b. Use of wired network. (If your computer doesn't have a network port, get a USB network adapter first.)

Auto Detect (suggested)	Add Manually
<p>Get a network cable. Plug both ends of the network cable to the network port on the computer and the socket on the wall appropriately. → Click on [Auto Detect] first, and then click on [Add to list] after the detection is successful.</p> <p><b>One Simple Click!</b></p>	<p>When computer is not connected to the DormNet network → Fill in your bed no. and computer's mac address manually. This would be complicate, and you might need the Tutorial as follows.</p> <div style="border: 1px solid black; padding: 5px; text-align: center;"><p><b>Tutorial</b> <a href="http://140.123.242.6/tutorial">http://140.123.242.6/tutorial</a></p></div>

5. Check "I have read and agreed to the terms and rules," and click on [Submit] after confirming the information is correct. Now you have finished the application, please read the payment method page.
